We would like to invite the brothers and sisters to our community to learn more about our community development project and help us raise funds to begin this endeavor. We are currently working to find a location for our Masjid very close to the downtown area in which there are many opportunities for housing, real estate, and business ventures in the immediate area. Insha-Allah we will present the project details during the seminar and give tours of the area. There will also be other activities during the weekend.
